APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the source, and with the understanding that the water herein granted will be returned to the stream at the point designated in the application free from deleterious matter, and with the further understanding that the proof of beneficial use, when filed, will show the power generated and the amount of water required and used therefor. The state reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 3 cubic feet per second.

Actual construction work shall begin on or before August 19, 1926

Proof of commencement of work shall be filed before September 19, 1926

Work must be prosecuted with reasonable diligence and be completed on or before August 19, 1927

Proof of completion of work shall be filed before September 19, 1927

Application of water to beneficial use shall be made on or before

August 19, 1928. Proof of the application of water to beneficial use must be filed with State Engineer on or before September 19, 1928

Proof of labor filed Sep 10, 1926

WITNESS MY HAND AND SEAL this 19th day

Oct. 26, 1927
NOTE: Necessity for filing further proofs hereunder abrogated by filing of application No. 8396.

P. Venable
State Engineer

SUPERSEDED BY NO. 8396

Filed Nov. 3, 1927, change point of diversion
